Euromobil Group constantly updates its website and through new media technologies facilitates users in finding the information about products and their quality in a simple, clear and comprehensive way

Gruppo Euromobil
CONTRACT

After a thorough graphic and functional restyling, Euromobil Group presents the new "Contract" Site www.gruppoeuromobil.com.

Consistent with the entire structure of the site, where the narration of images plays a major role, the "Contract" section has been revised to present in an immediate and effective way, the many projects carried out in the world and the advantages offered by the Group Euromobil.

The result is a space very interactive, content-rich, but at the same time user-friendly and easily navigable. The achievements are divided into sectors according to the intended use: Residences, offices and commercial spaces, Hotel & Resort, institutions and public spaces and they are accompanied by images with high emotional impact and essential information to understand the scope and quality of our design possibilities and furnishing.

The "About" area furnishes the projects carried out with the presentation of three companies, Euromobil kitchens, Zalf furniture and désirée sofas which working synergistically, give life to Euromobil Group Contract.

DESIREE SOFAS MOVIES

Through mini-movies Désirée brings out the advantages of its products. These movies are inserted into the respective product area of our website, in our You Tube page and they are linked to the images shown in the catalogue with the Layar symbol. By doing so, the static images become dynamic clearly displaying the characteristics and potentialities of each product.

MONOPOLI

design Marc Sadler

Strong personality and flexibility in interpretation of the style of sitting for Monopoli sofa, in addition for philosophy and modularity to the exclusive Glow-in system.

Maximum freedom of composition, backs and arms can be positioned anywhere for a new seating system original and distinctive.

Video duration 0:50

BLO US

design Roberto Gobbo e R&S désirée

Versatile and informal Blo us sofa recalls a best seller by Desiree and rivists it is a young and contemporary key. Compositional flexibility, different depths of the seating units and ease in drawing out the lining are the peculiarities of the system. The padding is removable from the structure and due to the light weight of the elements, easily transportable. On request reversible upholstery.

Video duration 1:10
